## The SEER Group LLC Acquires Majority Stake in Western Heating & Air Conditioning

REDMOND, WASH – The SEER Group LLC ([www.theseergroupllc.com](http://www.theseergroupllc.com)) is pleased to announce its fifteenth acquisition, a majority stake in Western Heating & Air Conditioning, a heating and air conditioning company located in Boise, Idaho ([www.westernhvac.com](http://www.westernhvac.com)). This is the first investment for The SEER Group LLC in the Boise market.

Western Heating & Air Conditioning began in 1967, and since then Bob Barnes and his family have grown this third generation company to nearly one hundred employees while becoming a market leading HVAC services company in Idaho.

“We have been looking for the right opportunity in the Boise market for years, and we are delighted and grateful to have found perfect partners in Bob and his family”, says Darrin Erdahl, CEO and founder of The SEER Group LLC. “We welcome Bob as a partner, and he will continue leading the Western team and expanding the Western brand as our group continues moving towards a national footprint” he added.

“We are very excited to be part of the SEER Group and look forward to networking with everyone. As we have found it to be very successful when good businesses share best practices with each other. We chose to partner with the SEER Group because it gave us the opportunity to continue our operations as we have in the past and to keep changes to a minimum. As we celebrate this opportunity we look forward to assisting in the growth of the group and to many more years of success”, commented Bob Barnes, partner and general manager at Western Heating & Air Conditioning.

Eric Beardemphl, president of The SEER Group LLC and partner states, “Bob and the Western team exemplify a unique commitment to taking great care of their team members, supporting their community, and continually adding value to their customer’s experiences. These are values that we share, and we are beyond excited to have them as part of The SEER Group LLC family”.

*Headquartered in Redmond, Washington, The SEER Group LLC ([www.theseergroupllc.com](http://www.theseergroupllc.com)) was established to bring together industry-leading residential and commercial HVAC, electrical, and plumbing companies.*

*Its mission is to help its partner company owners grow their businesses, achieve their financial goals, and facilitate planned exit strategies. Through flexible investment solutions, The SEER Group LLC provides entrepreneurs with the opportunity to sell all or part of their businesses depending on their financial goals and other objectives.*
