## **The SEER Group LLC Acquires Majority Stake in Maki Heating & Air Conditioning**

SEATTLE, WASH - The SEER Group LLC ([www.theseergroup.com](http://www.theseergroup.com)) is pleased to announce its eighteenth acquisition, a majority stake in Maki Heating & Air Conditioning, in Auburn, California ([www.makiair.com](http://www.makiair.com)). This is the second acquisition for The SEER Group LLC in Northern California behind Brower Mechanical and marks the third acquisition in the state, joining Breeze Air Conditioning in Palm Desert.

Maki Heating & Air Conditioning was founded in 1984 with a commitment to customer service.

Co-owners Debbie and Kyle Dahl will continue to lead Maki Heating and AC in partnership with The SEER Group LLC, providing the type of customer attention they feel is increasingly “becoming extinct”.

“We are excited to have Maki joining The SEER Group. Debbie and Kyle have built and operated successful HVAC businesses in Northern California for decades and we are happy to partner and provide new and expanded resources to them”, says Darrin Erdahl, CEO and founder of The SEER Group LLC.

While the size and location of The SEER Group’s acquisitions has varied, the company has been very selective in their search for strong brands with a winning track record.

“As The SEER Group pursues opportunities in new territories, we look to partner with owners and companies that have demonstrated consistent success in their market”, states Eric Beardemphl, president and partner of The SEER Group LLC. “Debbie and Kyle’s commitment to providing customers a very personal and community-oriented experience has set Maki Heating & Air Conditioning apart. They are a great asset to have joining our group.”

When asked what she most looks forward to in the new arrangement, co-owner Debbie Dahl is quick to point to her company’s unwavering commitment to the customer. “We decided to partner with The SEER Group so

we can continue to provide premier customer service. It allows us to focus on the things that keep up our high standards of service - our staff and our customers”.

*Headquartered in the Pacific Northwest, Washington, The SEER Group LLC ([www.theseergroup.com](http://www.theseergroup.com)) is a privately owned collection of industry-leading residential and commercial HVAC, electrical, and plumbing companies. Its mission is to help its partner company owners grow their businesses, achieve their financial goals, and facilitate planned exit strategies. Through flexible investment solutions, The SEER Group LLC provides entrepreneurs with the opportunity to sell all or part of their businesses depending on their financial goals and other objectives.*
